About Our Junior Programmes

In summer, we offer three junior centres in attractive locations in the south of England, all within travelling distance of London. During the rest of the year, we run group programmes both face-to-face at our main school in Southampton and online. In each case, there's a wide range of attractive programmes for you to choose from.

Inspiring Lessons

Lessons are project-based and are designed to help you express yourself, be creative and make friends. We focus on speaking and listening, as we believe staying in Britain gives you an ideal opportunity to develop these skills. The average class size is 12-15. All this ensures a fun, fresh learning experience with plenty of individual attention. You'll love learning with Lewis!

Engaging Activities

We believe activities should be fun, enriching and educational. On trips, you'll not only discover amazing places but also learn about British culture. Lessons link closely with trips. In this way, you're prepared with the knowledge and vocabulary to help you get the most out of your visit, making it a more vivid and memorable experience. There are lots of other activities on offer, too. Many are designed to develop your soft skills, such as leadership and teamwork. All are designed to create memorable moments with your new friends!

24/7 Care

The safety and well-being of all our students are our top priorities. Each centre has a Welfare Officer and an emergency number that is manned 24 hours a day. As part of our warm welcome, you'll have an introductory talk, a welcome pack and a tour on your first day. Students arriving unaccompanied are placed under the care of a dedicated Lewis School guardian.

Homestay students spend the evening with their host five times a week. There are evening activities twice a week.

At busy times, lessons alternate between morning and afternoon on a weekly basis.

On Sundays, homestay students spend the day with their hosts. You can also book an extra full-day trip for an additional fee.

Accommodation

At Home in Homestay (Southampton)

Staying with a local family can be of great benefit, providing you with not only a first-hand experience of the local culture but also greater opportunity for language practice. Many of our students and hosts also stay in touch long after the summer has ended. Junior homestay students share a room. This can be with students of the same or different nationality, according to your wishes. Our recommended minimum age for homestay students in Southampton is 13. Homestay students are given a bus pass and our activity leaders take them to the bus stop at the end of the school day.

Relax at the Residence (Winchester)

Our Winchester summer centre offers attractive residential accommodation in modern halls of residence. You'll have a single study bedroom with en-suite toilet, washbasin and shower facilities. The residence is located on campus, just a short walk from the other centre facilities. Visit our website for photos and details.

Already Have Accommodation?

If you've already arranged somewhere to stay, we have a special 'no accommodation' programme. This allows you to join all the daytime lessons and activities from Monday to Saturday, and includes lunch on campus. It also includes dinner and evening activities twice a week. See the timetable on our website for details.

Welfare

Your safety and well-being are our top priorities. Each centre has a Welfare Officer and an emergency number that is manned 24 hours a day. We monitor the whereabouts of all students and ensure full participation in lessons and activities. All our staff are trained in welfare issues, ensuring a high level of care, and many also have first aid qualifications.

Key Features of Our Welfare Service

- Fully-supervised programme
- Welfare officer & 24-hour emergency phone number
- All staff are DBS-checked and trained in welfare and safeguarding issues
- Regular meetings with group leaders
- Lewis School guardian for students without a group leader

A Warm Welcome!

As part of our warm welcome, you'll be given an introductory talk, a welcome pack and a tour on your first day. You're also given a card with your accommodation address and the emergency phone number. We can also provide an optional 'meet and greet' service (additional fee) to welcome you on arrival at the airport and ensure a smooth transition to the centre.

Caring for Groups & Individuals

We work closely with Group Leaders to ensure their students are happy and are getting the most from their stay. Our management staff are always available to discuss any issues, and we organise regular meetings between Group Leaders and our Centre Manager, Head Teacher and Activities Manager. We also welcome many students who arrive unaccompanied. These students are placed under the care and supervision of a dedicated Lewis School guardian.

Safeguarding

We take great care to ensure the safety and well-being of all our students, and for this reason we have very robust safeguarding procedures. For example, all of our staff are DBS-checked (police-checked) and receive training in safeguarding issues. Homestay hosts for under-18s and all other adult members of their household are also DBS-checked. You can read our Safeguarding Policy in full on the School Policies page of our website.

Pre-Arrival Guide

Before you arrive, we send you a Pre-Arrival Guide. This helps you and your parents/guardians to prepare for your stay, and to answer questions you may have about our programmes.

If you have any further questions about your stay, please contact us.

Choosing Your Year-Round Programme

In-School Courses

The project is tailor-made for your group, to suit their ages, interests, language level and curricular needs. At the end of the week your students will have a chance to showcase their work.

Promenade Theatre

A unique performing arts programme! Students work towards an outdoor show, which they perform in different locations around Southampton's historic streets, moving from place to place.

Storytelling

Students explore the plot and characters of popular stories and learn how to use their voice to bring a story to life, working towards a final class performance. An ideal way to develop confidence in speaking!

Business (Young Entrepreneurs)

For ambitious students who relish a challenge! Students are guided through business-related project work, developing their language along the way. Teamwork, leadership and problem-solving are key as students launch a new product, devise a business plan or make a sales pitch.

The performing arts are an excellent tool for allowing students to express themselves, develop their critical thinking skills, enhance self-confidence and improve the life skill of improvisation. When working on a piece of theatre, students are exposed to various situations, cultures and experiences which enable them to grow not only as performers but also as individuals. Working towards a theatrical performance requires discipline, commitment and teamwork, all of which will help your students with their ongoing development.

Throughout the project your students will be exposed to various performance based skills including but not limited to: storytelling, speech exercises, expressive poetry, characterisation, dance and movement, singing and music exploration, working from stimuli and creating an original story. At the end of each project family and friends will be invited to attend a performance evening to see all that your students have achieved.
